MOTAG
MILL OPERATIONS TECHNICAL ADVANCEMENT GROUP

WELCOME TO MOTAG SOUTH

The Millyard Operating Technical Advancement Group, commonly known as MOTAG is a subcommittee of the Fiber Raw Materials Supply Committee in the Pulping Division of TAPPI. It was formed in April 1973, at the Airport Holiday Inn in Atlanta, Georgia.

The objective of our meeting was and still is to provide a conduit for communications between the fiber industry, vendors, and consultants, to hear and discuss prepared presentations covering mill woodyard design and operational problems.

This meeting continues to be a not for profit event, run by volunteers with all proceeds from this event going to our scholarship fund.

CHAIRMAN

GEORGE CURRIN

MOTAG thanks George Currin for his service and commitment to the MOTAG Group, as outgoing Chairman, we wish you success in your new role with TASSCO.

VICE CHAIRMAN

EMILY CHAKALOS

Emily is the Area process manager- International Paper, Georgetown, South Carolina. She is responsible for the cooking, washing, screening, and bleaching of all Hardwood pulp that feeds the paper machines.

Welcome to our 47th year

We look forward to seeing you at the Hilton Atlanta Airport Hotel, Feb 5-6-7, 2020.

Exhibit set up time is 3pm Wednesday and must be set up by 5:30pm on Wednesday in time for our Welcome Reception.

QUICK PITCH

Time is allotted in the schedule for a “Question & Answer” period. This is designed to address problems that may plague present operators but may have already been solved by a fellow operator. Operators, let’s make this a meaningful segment for our meeting! Briefly describe a woodyard problem that you deal with and we will see if someone has a solution for you:

Quick Pitch - is a brief 10 minute segment where companies and introduce themselves or a new product.
