TAPPI

WELCOME TO MOTAG SOUTH

The Millyard Operating Technical Advancement Group, commonly known as MOTAG is a subcommittee of the Fiber Raw Materials Supply Committee in the Pulping Division of TAPPI. It was formed in April 1973, at the Airport Holiday Inn in Atlanta, Georgia.

The objective of our meeting was and still is to provide a conduit for communications between the fiber industry, vendors, and consultants, to hear and discuss prepared presentations covering mill woodyard design and operational problems.

This meeting continues to be a not for profit event, run by volunteers with all proceeds from this event going to our scholarship fund.

MOTAG sponsorships support the MOTAG Scholarship Program which gives financial aid to students who have demonstrated a certain degree of scholastic achievement in the study of Forestry, Silviculture, Land Management.

CHAIRMAN

EMILY CHAKALOS, INTERNATIONAL PAPER, SAVANNAH, GA

VICE CHAIRMAN

JOHN ROBINSON INTERNATIONAL PAPER, NEW BERN, NC

SCHOLARSHIP CHAIRMAN

DAVE STANLEY WESTROCK, WEST POINT, WV

MOTAG

MILL OPERATIONS TECHNICAL ADVANCEMENT GROUP

Welcome to our 50th year !

Thank you for joining us once again, after a two year covid break.

We ask you to please visit our exhibitors to meet your meeting sponsors. Our meeting costs are able to stay at the same low price thanks to our sponsors and volunteers.

If you would like to learn more about MOTAG South please feel welcome to join our Business meeting to follow the general sessions on Thursday.

A reminder to visit the MOTAG website at www.motag.org for meeting updates, sign up online for email updates and join our Group on LinkedIn to stay in touch.
